

New national side of euro coins intended for circulation

(2010/C 212/03)

National side of the new commemorative 2-euro coin intended for circulation and issued by the Vatican City State

Euro coins intended for circulation have legal tender status throughout the euro area. The Commission publishes all new euro coin designs with a view to informing all parties required to handle coins in the course of their work as well as the public at large ⁽¹⁾. In accordance with the Council conclusions of 10 February 2009 ⁽²⁾, the Member States and countries that have concluded a monetary agreement with the Community providing for the issuing of euro coins are allowed to issue commemorative euro coins intended for circulation, provided that certain conditions are met, particularly that only the 2-euro denomination is used. These coins have the same technical characteristics as other 2-euro coins, but their national side features a commemorative design that is highly symbolic in national or European terms.

The year '2010' is displayed to the left of the design, the mintmark 'R' at the bottom and the artist's name 'VEROI' to the right.

The coin's outer ring depicts the 12 stars of the European flag.
